## **A Special Note Regarding Notebooks For High School Students**

As the world gets more and more hectic, it becomes harder and harder to keep control of the events going on around us. This is true in school as well as everywhere else. In an attempt to help our students get a handle on their studies, we are asking all parents of high school students to see that their sons/ daughters have the following **for each of their academic classes:**

1” three-ring binder

1 set of notebook dividers with tabs labeled as follows:

- Class notes
- Class handouts
- Daily assignments
- Completed homework
- Quizzes and tests

We will use and maintain these binders as part of each class. On a regular basis we will check and evaluate the binders, which will comprise a percentage of each student’s class grade. Teachers, at their discretion, will also encourage maintenance of the binders by allowing students to use them as an aid during quizzes and/or tests. The less time that students waste looking for missing papers and assignments, the more time they will have to learn and practice their lessons.

Teachers will spend time at the beginning of the semester helping students to organize and utilize their binders to their best advantage. As a further help in keeping organized, we suggest that you purchase different colored binders for each subject.

We thank you for your support and look forward to a productive and organized year.
